Friday February 3rd to Monday February 6th, 2017

The ANTIQUES & ART FAIR LUXEMBOURG is one of the year's first events for collectors and lovers of old and contemporary art.

The Fair, with its over 100 exhibitors from eight countries, attracts every year a wide range of visitors from the Greater Region.

Quality, diversity and authenticity are the key tenets of the Fair, which has built up a significant international profile over the years due to the professionalism of its exhibitors.

The Fair's experts, who are available to assist visitors with their acquisitions, play a major role in the event's reputation and continuity.

The exhibitors, all well known in their own specialist fields, will represent almost all of the styles and eras in the world of art and antiques.

Varied specialties will be represented: design, decorative and ceremonial objects, furniture, jewelry, silverware, old books, bronzes, old and contemporary paintings, sculptures, prints, glassware, ceramics, Asian art and much more.

Enthusiasts and bargain hunters will find many rare, even unique pieces in the collections, reflecting the history of centuries gone by.
